

Lipex® Shea Betaine

Version 04

Product No: 8619

Description

Lipex® Shea Betaine is an amphoteric primary surfactant with foam boosting and viscosity building properties. The shea butter origin and the shea butter unsaponifiables contribute to the mildness and irritation reducing ability of this betaine. It is also free from PEG and ethoxylates. Lipex® Shea Betaine is viscous liquid at room temperature and is yellow to amber in colour.

INCI: Shea Butteramidopropyl Betaine, CAS No: 860812-94-8, EINECS No: 281-991-9

Application

Lipex® Shea Betaine is a primary surfactant for shampoos, shower gels and other cleansing products. Due to its mildness it is especially suited for baby care products, facial cleansers and other products for sensitive skin.

Specifications

Solids (%)	34 - 38
pH	5,0 - 7,5
NaCl (%)	Max 6

Additives

Preservative: Benzoic acid 0.3 %

Hexylene glycol 0,6%

Sodium citrate 0.5%

Packaging

Drums 200 kg

Storage

Lipex® Shea Betaine should be stored in dark, dry and odour free conditions. Recommended storage temperature is 5-20°C. Don't store below 5°C as the product is sensitive to freezing.

Shelf life

When stored in unopened original container according to recommended storage conditions, the recommended maximum storage time is three years from the production date.

Above product is produced according to current EU legislation. Specified values are guaranteed ex-works AarhusKarlshamn factories. As the specific application is beyond our control, users should conduct their own tests to assure the suitability of the product for a specific application.
